

Appendix I INVENTORY OF HISTORIC SITES AND NOISE EXPOSURE

This appendix documents the inventory of historical resources identified for the Houston Optimization of Airspace Procedures in the Metroplex (OAPM) Environmental Assessment. Included are those historical sites previously catalogued and any new changes since the previous inventory on July 25th, 2012. This appendix also presents noise exposure values for all inventoried sites.

I.1.1 Inventory

The inventory list is composed of all identified Historic Places and Historic Districts within the Houston OAPM EA primary study area, for either of the following two sources:

- The National Historic Register
 - o Downloaded July 3, 2012 from <http://nrhp.focus.nps.gov/natreg/docs/Download.html>
- Texas Historical Commission
 - o Downloaded March 7, 2012 from <ftp://ftp.thc.state.tx.us/>

The two data sources overlap and most resources appear in both data sets. Where information was available from both sources, information from the Texas Historical Commission was used. Names are as they appear in the original source. The reference number provided by the respective agency was kept in the inventory. For those properties that are listed by both agencies, the reference number is the same.

Table I.1 provides a listing of all historic resources by

- Reference number
- Source Listing
- County
- City
- Historic Place Name
- Alternate Name
- Address

I.1.2 Initial Consultation

The inventory of Historic Places (July 12, 2012) and Historic Districts (as of July 12, 2012) was sent to the following agencies in letters dated July 20, 2012 as part of the Houston OAPM initial consultation (see Appendix J).

- Advisory Council on Historic Preservation
- National Park Service U.S. Department of the Interior

- Texas Historical Commission

No comments were received regarding the inventory.

I.1.3 Changes Since Early Consultation

Since the early consultation effort, the Houston OAPM EA inventory of Historical Places and Historical Districts has undergone two changes.

- The Alabama-Coushatta Tribe of Texas Reservation has been added as a Historic and Cultural Place. Location information is similar to information located in Table H.1 and was found on the Alabama-Coushatta Tribe of Texas website.¹⁷
- Heights Boulevard Esplanade (Reference number 84001766) was removed from the Historic Districts Inventory, but it remains on the Historic Places Inventory. During the early consultation, this resource was catalogued as both a Historic Place and as a Historic District. Later research indicated that the Heights Boulevard Esplanade is a Historic Place only.¹⁸ Otherwise, the previously inventoried sites have remained the same.

I.1.4 Noise Exposure at Historic Sites

All inventoried historic resource (both places and districts) were entered into the noise model. Table I-2 presents the Day-Night Average Sound Level (DNL) noise exposure levels at the historic resources for following five scenarios

- the current year (2012),
- 2014 No Action
- 2014 Proposed Action
- 2019 No Action
- 2019 Proposed Action
