B.1 List of Preparers and Receiving Parties

This appendix provides the names and qualifications of the principal persons contributing information to this Environmental Assessment (EA) as required by Federal Aviation Administration (FAA) Order 1050.1E. In compliance with Section 1502.6 of Council on Environmental Quality (CEQ) regulations, the FAA employed the efforts of an interdisciplinary team of scientists, technicians, and experts in various fields to prepare this EA. Specialists included FAA and support contractor staff in such fields as air traffic control, airspace planning, noise assessment and abatement, Department of Transportation (DOT) Act, Section 4(f) resources, and other disciplines. While an interdisciplinary approach has been used to develop the EA, all decisions made with regard to the content and scope of the EA are those of the FAA. **Table B-1** identifies the FAA staff responsible for reviewing the EA document and **Table B-2** identifies the support contractor staff who prepared the document. **Table B-3** lists the parties who received a copy of the Draft EA.
