Public Notice of Availability: FAA Cleveland-Detroit Metroplex (CLE-DTW Metroplex) Final Environmental Assessment and Finding of No Significant Impact/Record of Decision

Dear Ms. Smith:

The Federal Aviation Administration (FAA) has issued a Final Environmental Assessment (EA) to analyze the potential environmental impacts of the CLE-DTW Metroplex project. Based on the information and analysis contained in the Final EA, the FAA has also issued a Finding of No Significant Impact/ Record of Decision (FONSI/ROD) for the project. The FONSI/ROD documents the FAA's determination that the project, as proposed, would not significantly affect the quality of the human environment and that an Environmental Impact Statement (EIS) is therefore not necessary. The FONSI/ROD documents the FAA's decision to proceed with the preferred alternative detailed in the EA. Implementation of the project is scheduled to begin in the summer of 2018.

The CLE-DTW Metroplex project would improve the efficiency of the national airspace system in the Cleveland and Detroit Metroplex by optimizing aircraft arrival and departure procedures at two primary airports (CLE and DTW) and 10 outlying satellite airports.

Availability: Electronic copies of the Final EA and supporting materials are available at the following locations:

- 1) Online at: <http://www.metroplexenvironmental.com>
- 2) Electronic versions of the Final EA have been sent to 69 libraries in the General Study Area. A complete list of libraries with electronic copies of the Final EA is available online at <http://www.metroplexenvironmental.com>

For additional information contact:
